## Product Description

A System Record Documents box, "DocBox" from LED, is the perfect item to meet demanding code requirements. Custom screen printing available.

NFPA 72 2013 7.7.2.5 states that a cabinet must be "prominently labeled 'SYSTEM RECORD DOCUMENTS'". NFPA 72 2013 7.7.2.1 states, "With every new system, a documentation cabinet shall be installed at the system control unit or other approved location at the protected premises."

Using the optional USB connector, you may also store records electronically (See NFPA 72 2013 7.5.6.7).

The LED DocBox is designed with a plans clip to keep your documents secured. The inside cover has a record keeping log for identifying equipment information and required documentations locations. (See NFPA 72 2013 7.2.1)
