MASS NOTIFICATION SYSTEM SERIES

Model: AlphaEclipse
Outdoor Notification Systems

General

The **AlphaEclipse** 17mm series is specifically designed to provide highly visible outdoor messaging along any local city street or in areas where a large amount of pedestrian traffic is expected. The 5" to 22" letters, and high display resolution make it ideal for monument applications, lower pylon, and slower city traffic volumes. Brilliant red or amber LEDs with 256-shades/grayscale will grab attention and bring more drive-by customers into your business. Fully weather-tight, the AlphaEclipse is easy to install and to maintain.

Special Features:

- * Sealed enclosure design prevents external contamination penetration and filter maintenance
- * Industry standard 64MB compact flash memory for message storage
- * Comprehensive remote diagnostic program
- * External temperature probe (optional)
- * Internal AC power switch for servicing
- * Light colored case, designed to limit solar heat rise internally
- * Automatic thermal protection
- * Auto night time dimming (8 levels)
- * Lithium battery for time/date/message retention during power interruptions for at least 1 year
- * Front access to all components
- * Cantilever hinged door for ease of service
- * 10" deep including steel mounting brackets

Specifications Model:

Communications:..... Alpha® Communication Protocol
Power:..... 115/230 VAC ± 10% - 50/60 Hz single phase
Case Material:..... UL50 Type 3R, IP44 aluminum cabinet
Limited Warranty:..... Five-year limited factory depot parts warranty
Agency Approvals:..... FCC Part 15, Class A, ANSI/UL 60950, CAN/CSA C22.2 60950-1-03
C-ETL-US listing mark and CE Marking
Operating Temp:..... -40° to 122° F / -40° to 50° C
Mounting:..... Steel mounting angle, design facilitates welding, bolting, or riveting techniques.
